

# SOLARHACKS II

HIGH SCHOOL HACKATHON  
APRIL 4-5, 2020

A BAY AREA 24-HOUR EVENT  
INTENDED TO PROMOTE STEM  
AMONG HIGH-SCHOOL STUDENTS

## WHAT IS SOLARHACKS II?

SolarHacks II is a 24-hour high-school hackathon in which hundreds of students will work together to develop tech-related products while learning from professional mentors and speakers. After successfully hosting SolarHacks I in Fall 2019 with over 150 attendees, SolarHacks II is coming this spring with 300 attendees.

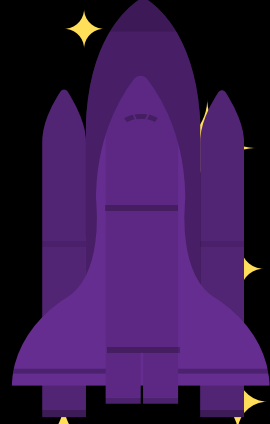

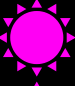

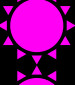

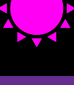

## WHY BECOME A SPONSOR?

By sponsoring our hackathon, you'll be supporting the next generation of programmers, engineers, and scientists by allowing them to develop the skills the need for these careers early on.

## WHERE WILL YOUR MONEY GO?

Your money or other contributions will go towards giving prizes, buying food, and making the experience of these motivated students the best it can be. Because of our generous sponsors, this event is free for all students.

## HOW CAN YOU HELP?

- 
-  Monetary Donations
  -  Provide meals to the attendees
  -  Provide hardware, access to APIs, swag, or prizes
  -  Send mentors or judges
